Dear Talha,

After discussing your request below with our director, please note that we won't be able to issue an official recommendation letter on MTT letterhead on behalf of MTT directly and we have never followed this process with providing feedback for other vendors.

As an alternative, and similar to other tenders which we were contacted about as reference, Tech Bay may refer to the projects and services you have delivered for MTT in your submission. If any evaluating party requires verification or wishes to inquire about our experience with the company, they may contact us directly and we can provide factual feedback based on our experience working with Tech Bay. This approach has been followed with other vendors and tenders.

I hope this approach can help and support you with your tender submission.

Regards,

وزارة المواصلات والاتصالات
Ministry of Transportation and Telecommunications
